How can Open Skies Help You?

- Open Skies agents have over 70 years combined experience in the interline industry.
- We help you chose travel dates that are off-peak for your destination to help you avoid any travel delays.
- Should you experience a delay, Open Skies agents will contact the hotel to advise of any flight delay. Many hotels will amend without penalty.
- Our goal is to make sure you enjoy your vacation. This means we will do whatever necessary to assist. We’ve even been known to re-route our clients to a different destination, day of departure, to make sure they make the most of their time off!

Twenty years from now you will be more disappointed by the things you didn’t do than by the ones you did do. So throw off the bowlines, sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover.

Open Skies
Interline Vacations
• Open Skies has negotiated our own agreements. It sets us apart from other Interline companies. All agreements are based on the restrictions and requirements of the airlines with which we have the agreement.

• Airline eligibility is strictly enforced. Copies of employee ID badges as well as letters of employment verification are kept on site and can be produced if asked.

• Proof of employment is required, and verified, before any ticket is issued.
To stay above the fold in automation, and to remain relevant in the Interline travel community, in October 2012, Open Skies Interline Vacations began talks with myIDTravel, an innovator in the Interline eticket industry.

In May 2013, Open Skies Interline Vacations went live with myIDTravel as an employing carrier. With a few agreements in place, we entered into the next generation of Interline travel companies.

Today, we continue our efforts with airlines around the world to enter into agreements with Open Skies through myIDTravel, so that we may continue expanding our destinations to the traveling airline employee and their eligible family members.
Technology & Fraud

- We are a connected world and it can be frightening. Though a bit "old fashioned", Open Skies does not allow online bookings. Two reasons are 1) we are required to verify eligibility prior to accepting a reservation and 2) we still prefer that one on one contact with our clients, just as if you were walking into our office. This also alleviates the fear of not really knowing who are where we are.

- Many interliners are either afraid of or just don't want to learn how to use many of the platforms available to them for booking their vacations. Open Skies takes that fear away by taking care of all facets of the reservation including hotel, airline ticketing, including re-routing and refunding and making last minute changes to hotel reservations due to denied boarding.

- An added benefit to using Open Skies is the security of your credit card. There is only one transaction for you to watch instead of several that might include, air, hotel, car rental, tours and more! Thus lessening the chances of credit card theft dramatically, which is a big concern nowadays.
Thank you for your time.
We look forward to helping send you on the vacation of your dreams!
